

COMPANYPROFILE

PROFESSIONAL INSPECTION AND CERTIFICATION SERVICES

Control Union

Established in 2010, **Control Union Pakistan (Pvt) Ltd** as one of the world's leading inspection, testing & certification company. We offers a global one-stopshop for a wide range of certification programs in agriculture, food, feed, forest products, textiles and bio energy. Our programmes are managed in a more decentralised way, with accreditations that reduce dependency on any one authoritative body.

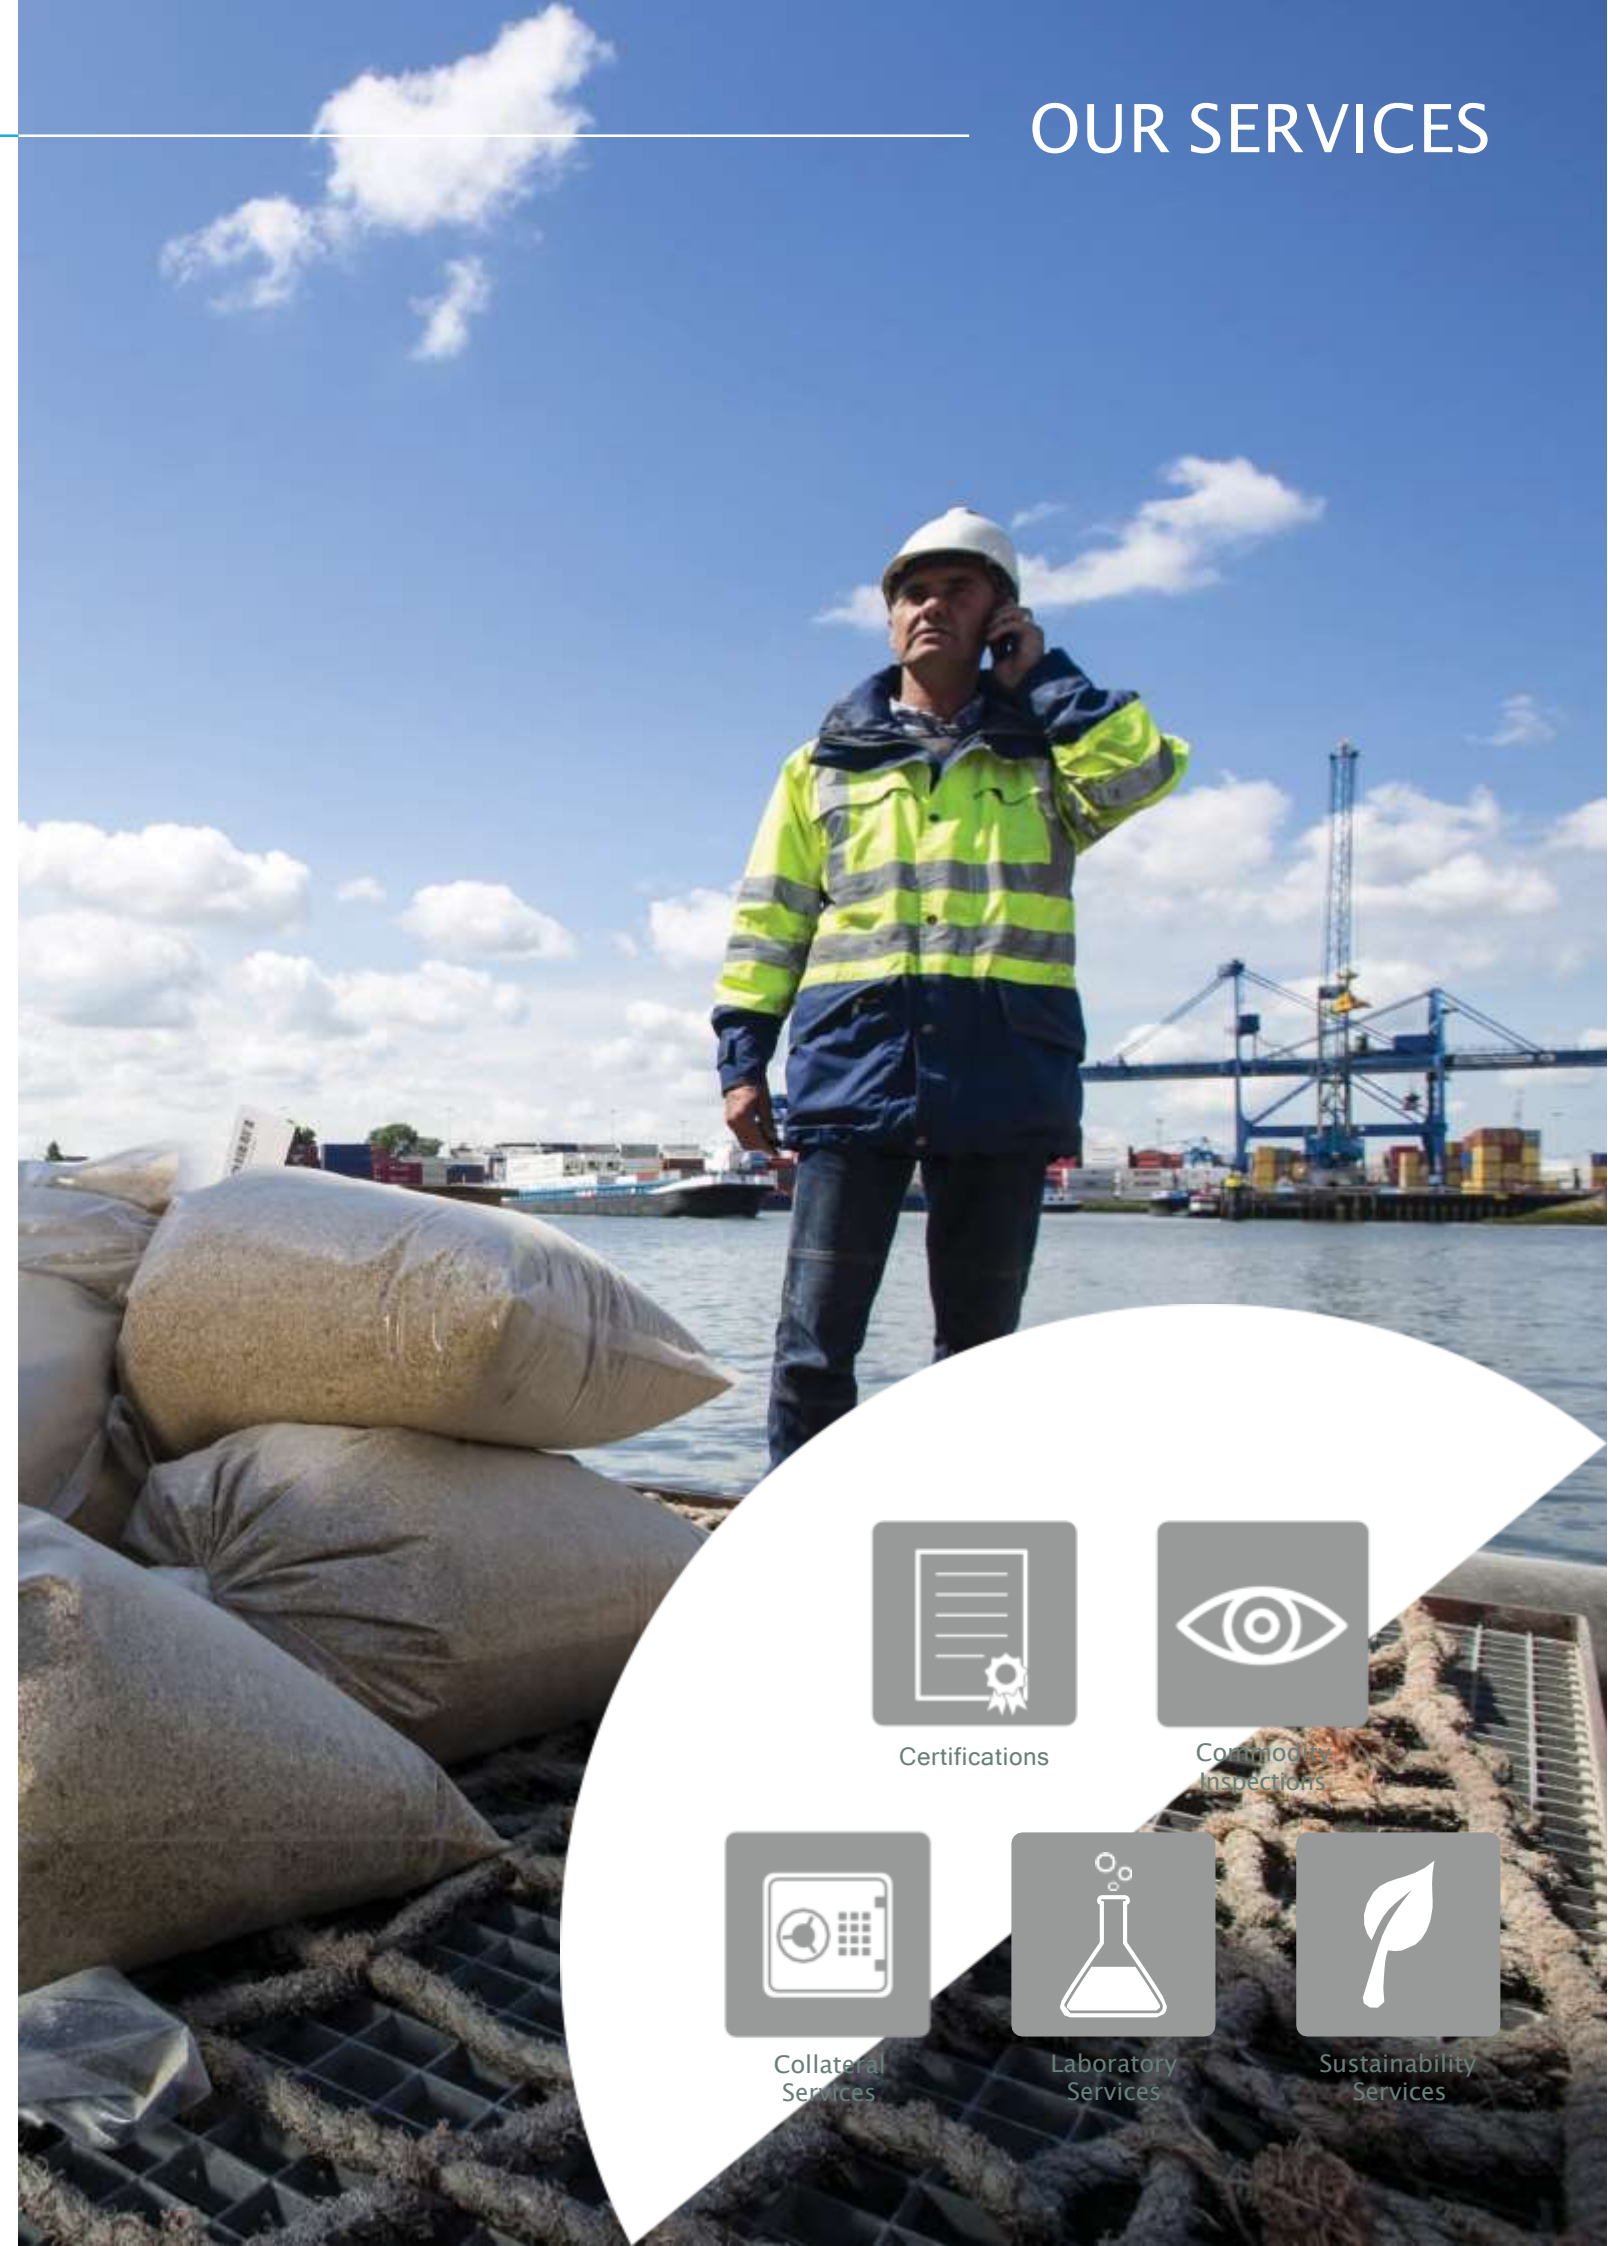

Key programme issues are food safety, sustainability, recycling, footprint and social aspects. Our independent services add significant value to our customers operations and ensure business sustainability. We are constantly looking beyond customers and society expectations

in order to deliver market leading services wherever they are needed.

Control Union Pakistan is part of the Peterson and Control Union Group, a family-owned company established in 1920 in the Netherlands. With roots in agricultural inspections, the group has been operating for more than 100 years in the field of logistics, quantity, certifications, and risk management.

Till present, with 'boots on the ground' in more than 70 countries providing specializing business solutions that improve quality, safety and productivity and reduce risk, we help customers navigate an increasingly regulated world.

COMMODITY INSPECTIONS

Our vast expertise in inspection, supervision and sampling enables us to provide global support to our customers across the entire supply chain. From government and institution services to weight and quantity determination, in abroad – we provide you with the right solution, tailored to your needs.

CONTAINER SERVICES

Control Union Pakistan can monitor the quality, quantity and condition of your cargo during the loading and unloading process in order for you to have a piece of mind. Our services include:

- Loading/stuffing supervision
- Discharge supervision
- Cargo condition monitoring
- Sampling and sealing
- Cargo, container and truck tallying
- Damage survey

VESSEL SERVICES

We ensure that vessels and barges with your precious cargo are thoroughly inspected and verified. We are your eyes and ears 24/7, while you can focus on your core business. Our services include:

- Pre-shipment Inspection
- Loading and discharge supervision
- Draught survey
- Cargo condition monitoring
- Sampling (GAFTA 124, FOSFA, NEN ISO 18135)
- Temperature & Moisture Monitoring
- Weight Bridge / Shore Scale Monitoring
- Laboratory Analysis

COLLATERAL SERVICES

Collateral services combine our experience and expertise with the latest technologies to provide effective and innovative short and long-term solutions for minimizing risks, offering up to 24/7 surveillance of your cargo. We assist and supervise the provision of collateral and stock verification services in all major regions around the world for minerals (steel, metals, fertilizers, phosphates) and agricultural products (cotton, sugar, grains, vegetable oil, coffee, cocoa, rice, tobacco).

COLLATERAL SERVICES

STOCK CHECK / VERIFICATION

Our well-trained and experienced inspectors verify stock at warehouses, silos, and other designated locations to determine the quantity and overall quality and condition of cargo using the latest technologies.

STOCK MONITORING AGREEMENT (SMA)

Using innovative systems and procedures, Control Union’s commodity specialists observe and report on stock management with up to 24/7 monitoring, providing visibility into the movement, custody and condition of commodities, giving peace of mind to the client.

COLLATERAL MANAGEMENT AGREEMENT (CMA)

As expert custodians, we offer our customers the opportunity for Control Union Pakistan to have overall control of their goods throughout their storage period, as we become custodians of your cargo. This provides a safe, effective and efficient way to store goods around the world, as well as facilitating additional credit risk management.

LABORATORY SERVICES

When you need fast, comprehensive, and accurate analysis, Control Union Pakistan is a partner that can deliver the results with our expert teams and state-of-the-art equipment. When food and feed products are submitted to our laboratories, quality and safety are of the highest priority - for our clients and for us.

FOOD, FEED & FUEL ANALYSIS OPTIONS

With quality and safety of food and feed considered as public health matters, Control Union Pakistan has the knowledge, expertise and technical capacity to quickly and expertly navigate these vulnerable markets. Our accreditations allow us to test an array of analyses for food and feedstuffs.

SERVICE & SUPPORT

Our trained lab teams can provide you with an interpretation of your results, tailored to your company and your specific analysis needs. We can help locate the root causes to any issues related to products and its processing and hygiene conditions - helping our clients resolve them in a cost-effective manner.

OUR SERVICES

- Full Pesticide Screening for Fruits & Vegetables
- Wide range of Chemical & Microbiological Analyses
- Technical and Market Support

PRODUCTS

We test a wide range of products including, but not limited to grains and feedstuffs, fruit and vegetables, coconut products, and more.

SUSTAINABILITY SERVICES

Control Union Pakistan keeps sustainability as a core focus. Understanding how sustainability is intertwined with how food, bioenergy and textiles are produced and brought to market provides Control Union Pakistan with a unique ability to address the sustainability challenges of farmers and businesses alike to ensure their future.

SUSTAINABILITY SERVICES
