about us

In 1992, we began as Amsha Textiles to manufacture yarn for export in the global market. Amsha Textiles' successful journey paved the way for the company's vertical and horizontal growth, and Rahmat Fabrics was subsequently founded in 1995 as a sole proprietorship. We established RF with the intention of creating, converting, trading, and stocking regular woven fabrics for our cherished clients, expanding quickly and consistently. Rahmat Fabrics now covers the entire spectrum of fabric supplies in the Pakistani market and in exports.

OUR FORTE :

Fabric for institutional Fashionwear & Workwear,
Home Textile: Denim, Non-Denim, Cotton, Mixed
Synthetic materials.
