WHAT WE FARM

MISSION

We are adamant to build a trustworthy and reliable connection with our clients by providing them with goods containing excellency and fineness to the core. Our monthly production is 1,000,000 meters and our goal is to double our production by 2025

EXPANSION

- We aim to broaden our customer base by working with more export companies nationwide and internationally.
- We focus on improving our already fine quality of products and further diversify our collection.

JAMTEX INTERNATIONAL

At Jamtex International, we trade in high quality woven fabrics for our domestic and international clients. We strive to become a supplier of choice for your woven fabric needs.
