WHO WE ARE:

CROSS WEAR has secured a prominent position in the field of sportswear like Puffer jackets Sublimated / Cut & Sew team wear, soccer uniforms, Cricket Kit, Hockey uniform, Basketball uniform, Rugby uniform & Track Suits. These products represent a perfect blend of traditional craftsmanship and the most modern and innovative techniques available. CROSS WEAR products are famous due to its fine quality and workmanship. Cross Wear is backed by its solid credentials. Today, we are a 100% Manufacturing and Export Oriented Units and have established ourselves in the global market. Our focus on perfection and stringent quality control measures has earned us our remarkable reputation.

Sampling

The Company provides a couple of free samples to its regular customers, Which will always be provided with custom orders, else the customer will have to pay for the shipping. The new buyers will pay the sample cost as well as shipping. The delivery time for the samples is 7 - 10 business days.

Development and Sampling

CROSS WEAR continues to explore diverse products with quality designs. Our Design team or merchandisers help buyers with development of new samples and fabrics. Different types of embroideries/Print that can be done in Pakistan.

Sublimation & Printing

We have installed latest equipment for sublimation on our team apparels & T/Polo shirt. It makes our prices most competitive & quality unmatched. Apart from sublimation we also do heat transfer, screen printing & embroidery inside our factory.

Quality Assurance team

Responsible for sample analysis and time and motion studies, Checking all the proto samples and size sets, conduct Pilot run / in lines / MC Inspection / Final Inspections.

Fabric and Garment Testing

CROSS WEAR in-house along with nominated labs - SGS and ITS LAB, for testing each and every fabric / garment. Bulk cutting/manufacturing, we provide a personal service for each buyer's own standards.

Factories

Our factory area is comprises of more than four hundred thousand sqd and we have recruited approximately 500 employees. Who are constantly engaged in producing high quality garments. The company is fulfilling the all National International laws requirements and we are striving hard to achieve all the prescribed advanced quality standards.

Accessories

As accessories have become a very important part of dressing and fashion we have a separate division handling this area, which in turn gives the buyers the possibility to coordinate the total style image.
