OUR STORY

A.I.Textiles, standing out today as a leading manufacturers of quality Grieg, fabric & madeups for home and institutional textile sectors across the globe , started off in 1975 as a yarn trading company in Faisalabad native market by our late father Haji Abdul Rasheed. when successful within the domestic yarn market we have a tendency to started manufacturing and supplying Grieg cloth to few big export mills with success. The cluster ventured to form its means into international market. The exports started in 2000 and since then we never look back and to-

day A-I- Textiles which is a family run company which is running by a second generation. Which have a complete vertically integrated state of the art weaving, Dyeing, and finishing facilities with over, 1,000 employees.

And recognised and appreciated worldwide for their flawless credibility, matchless professional excellence, an impregnable standard of ethical business dealings and the most valuable premium quality products. 11 Years ago we have a tendency to bought towels mill with complete in house set up and very soon we were

capable of supplying towels and towelling product to household and institutional sector worldwide.

Under visionary planning and guidance, a team of competent and dedicated professionals has worked day in and day out to achieve what the company is today. The effectiveness of our management systems, the skill of our work force and the quality of our product, our real pride comes from our ability to have honoured all the commitments made to our clients resulting in long term relationships.
