ABOUT US

INTRODUCTION

TM Export, founded in 1990, is one of the premier manufacturing units under Wintex Group of Companies, located in Karachi, Pakistan. Our unique heritage shapes the way we do business today. We specialize in quality and trendy, knit apparel for men, women and children with end-to-end service being delivered from development, sampling, manufacturing to on-time shipment. Our major exports are to the USA, Europe and the Middle-East. The Wintex Group consists of five factories covering apparel manufacturing, textile manufacturing and food processing and export.

VISION

To be the premium and preferred manufacturer of quality apparel in the Asia Pacific whilst maintaining a modern manufacturing facility in Pakistan for satisfying customers, shareholders and catering to the community's ever changing needs.

To attain market leadership through unmatched quality, a diverse and unique product mix, world class systems and to adhere to the highest ethical and professional standards.

MISSION

Our mission is to supply our customers a "Full Package" program of knitted apparel products at the highest level of quality, service, compliance and value. TM Exports is devoted to attaining consistent improvement in the system of providing product and services to the customers through on-time delivery and enhancing customer satisfaction by means of quality and value.

VALUES

- Attain ultimate customer satisfaction.
- Superior quality and performance.
- Passionate about excellence.
- Act with integrity.
- Contribute to environmental and community improvement initiatives.
- Regard our customers as our partners.

MODERNISATION AND EXPANSION

The company has expanded significantly and modernized its operations by acquiring state-of-the-art machinery in order to increase its efficiency, quality and high productivity to compete in today's ever demanding international market trends.

QUALITY

We, at TM Exports, are committed to satisfy and exceed the demands of our valuable customers by providing them excellent quality of knit apparel. We strive to develop and promote a culture of continuous improvement of our products and quality management systems. The management team periodically reviews the performance of the quality management system as well as quality objectives to ensure their effectiveness and sustainability. To safeguard the ready goods for shipment, a climate control storage area has been built keeping in mind the modern safety and security precautions.

QUALITY ASSURANCE

Our Quality Assurance department continuously monitors the production process at each and every stage, from fabrication to packing, to ensure a high standard for the satisfaction of our customers. Quality audits by independent consultants is a standard practice implemented by the facility.

QUALITY CONTROL

Our Quality Assurance department continuously monitors the production process at each and every stage, from fabrication to packing, to ensure a high standard for the satisfaction of our customers. Quality audits by independent consultants is a standard practice implemented by the facility.

QUALITY CONTROL

The quality control personnel at T.M. Exports conduct re-inspection at different stages to maintain AQL 2.5 standard and to ensure unmatched quality. There are 08 quality control officers supervised by the manager for quality control.of our customers. Quality audits by independent consultants is a standard practice implemented by the facility.

BUSINESS RELATIONSHIPS

TM Exports believes in working with its customers rather than for them and in building long-term relationships. TM exports always lays emphasis on providing its customers with a high level of confidence and to maintain a strong relationship that lasts even after the enquiry has been delivered.
