

# YOUR RELIABLE PARTNER IN LOGISTICS !

## MOVING YOUR PRODUCTS ACROSS THE GLOBE !

### INTRODUCTION

SPACE SHIPS LOGISTICS - a fast-growing freight forwarding company serving the logistics marketplace since 1998. We offer a hassle-free and reliable logistic experience to our valued customers with a complete professional approach. Moreover, our round-the-clock customer support feature always meet their import & export needs.

### MISSION

To provide the best and technical logistics solutions to respected customers. Look after customer's needs with utmost care and satisfy them with quick and with-in-time shipments. Practice professional business ethics and evade illegitimate business activities.

### VISION

Maintain long term relations with customers and retain them as a business partner. Assist Logistics Management to Small Medium Enterprises for mutual progress. Design e-solutions for fresh clients who wish to start their international trading business. Preserve company's symbol as a mark of "Reliability" in market.

### QUALITY POLICY

Our achievement is based on providing

- Prompt
- Technical
- Cost effective

logistics solutions & services to our respected customers.

### QUALITY ASSURANCE

We believe in long-term relationship with our customers and maintains after sales follow-up program to ensure customer satisfaction. To meet the stringent quality standards, we have an in-house Quality Assurance Unit, which keeps a strict monitoring to ensure consistent quality of services. Realizing the need for a comprehensive system, we have implemented ISO-9001:2015 Quality Management Program.

## KEY SERVICES

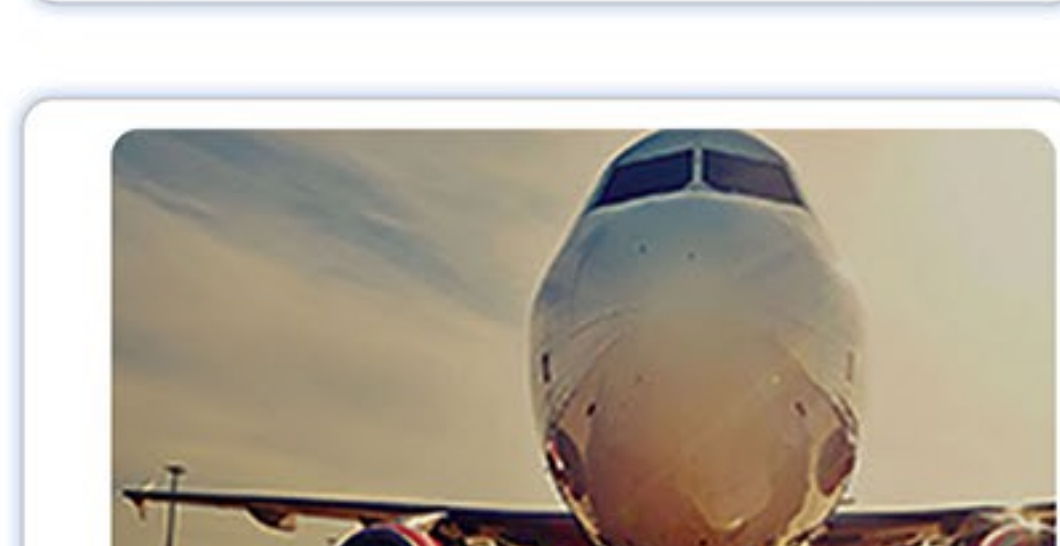

### SEA FREIGHT

We explore the world's leading shipping lines to offer the best quality of ocean shipping experience at a competitive cost. We are known for reliability in handling both FCL and LCL cargo with our vast experience.

### AIR FREIGHT

We also offer an efficient and flexible airfreight service to our customers by working with major air freight companies around the world. Using our robust air transportation network, any destination in the world is accessible to you.

### CROSS TRADE SERVICE

Do you wish to move a shipment between an origin and destination other than the country where you are originally based in?

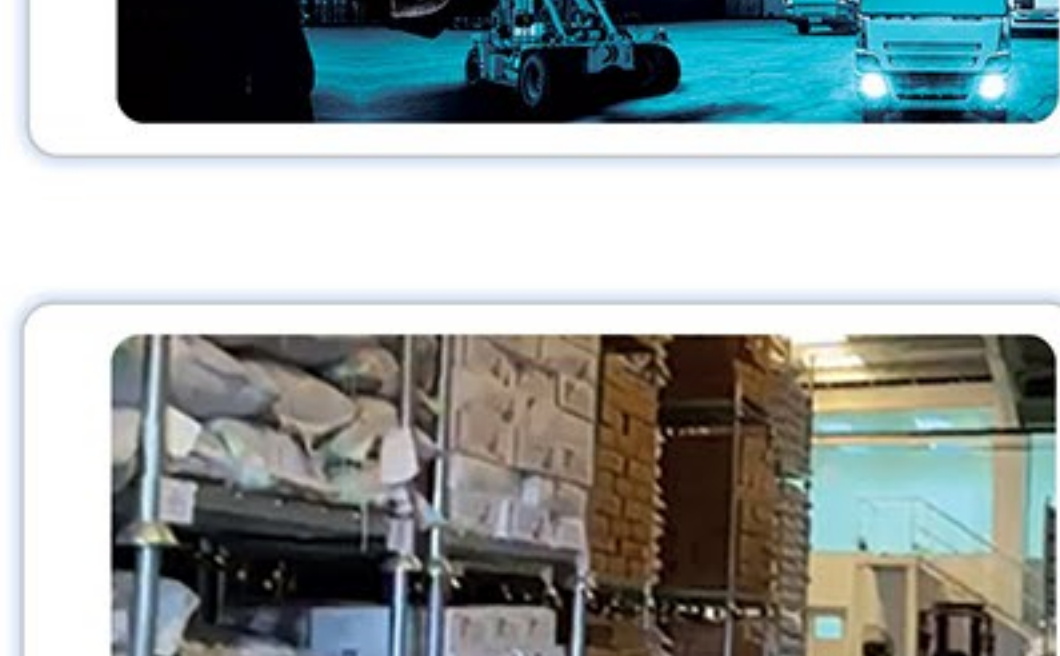

No worries! Just contact us to get a complete end-to-end cross-trade logistic solutions that may help you to expand your business and existence in the global market.

### CUSTOMS & WAREHOUSING

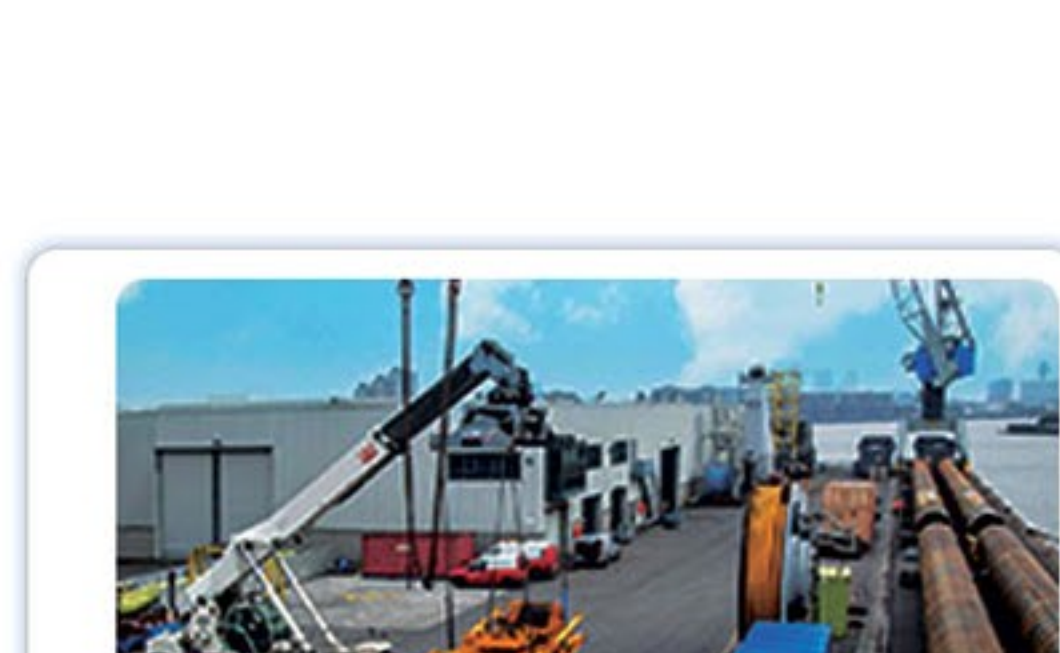

With the professional assistance of our global agents, we also offer a comprehensive "Custom Clearance" facility which includes processing of customs documentation and payment of local duty and taxes at origin/destination port.

In addition, our overseas agents also deliver wide-ranging storage and warehousing facility around the globe that effectively accommodate your tonnage of load with the related pick, pack, de-stuff, cold chain, and palletize facilities.

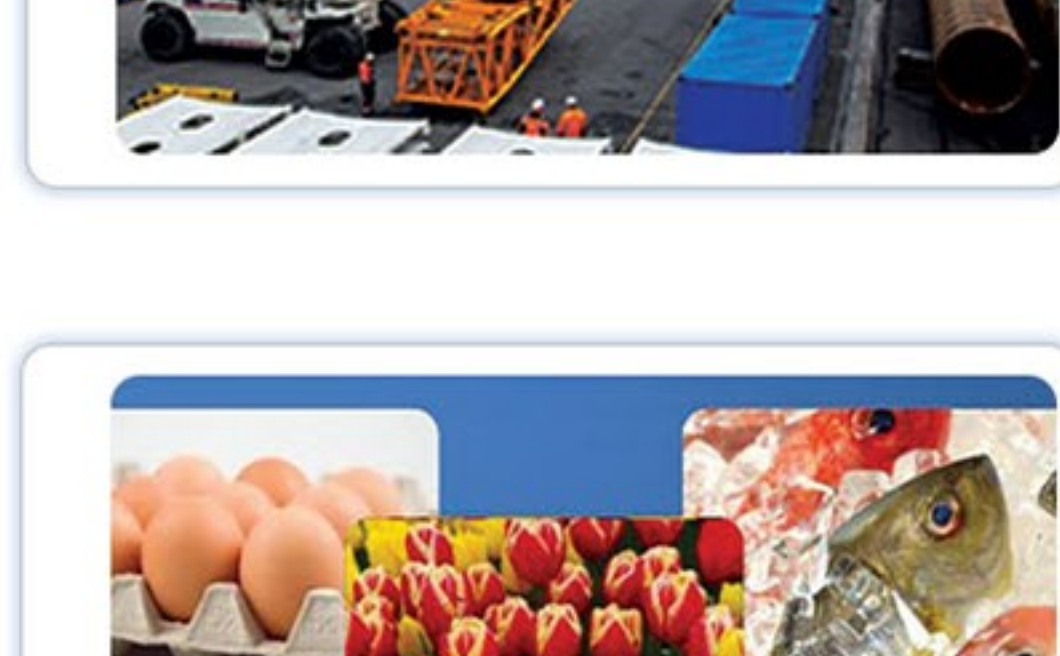

### PROJECT CARGO

In particular, we are well acquainted and experienced in handling any Project / Exhibition cargo that requires additional care and vigilance at each stage of transit. We do proper communication with the transport agencies and keep monitoring those project shipments to ensure "you're there on time".

### PERISHABLE CARGO

We entertain customers who are trading perishable goods internationally. Our offered services include PRE-TRIP / PRE-COOL inspection and customized feature of temperature-controlled cold storage and plugin facility for Reefer Container to maintain the quality and delicacy of product till it reaches the destination.
