Leather Artisans

About Us

Kaachi is an experimental workshop of ideas, operating with the basic principles of uncompromised quality and freedom of creative expression.

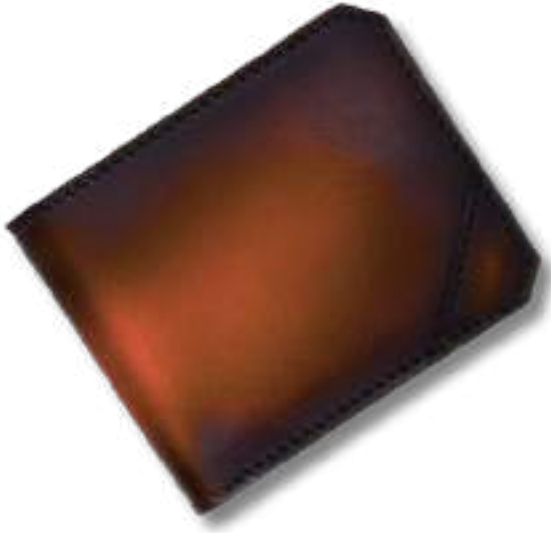

A group of artisans, designers and craftsmen, our ambition is to produce timeless luxury leather goods based on heritage craftsmanship and specialized hand finishes.

All our creations are hand made using only sustainable leather of the highest quality. Each item is based on our exquisite patina finishes and is a testament towards our love for the craft.

A person's hands are shown holding a dark brown, textured leather card holder or wallet. The item is rectangular with a slightly rounded top and bottom. The background is a plain white surface. In the upper left corner, there are some sewing tools, including a black textured handle and a metal rod. In the upper right corner, there is a piece of light blue paper with a white border. The text "CARD HOLDERS & WALLETS" is overlaid in the center of the image in a dark red, serif font.
