

Our Story

Al-Abbas Fabrics (Pvt.) Ltd, a company specializing in fabric dyeing and finishing, traces its humble beginnings to 1991. Through years of dedication and investment in sophisticated technology and a highly competent team, the company has successfully established its name in the global market.

We are known for delivering top-quality products with consistency and reliability, accompanied by exceptional customer care. The company's production capacity now boasts 40,000 Kg per day of dyeing and 58,000 Kg per day of finishing. We offer six different types of dyeing techniques to ensure we meet our customers needs; Eco Direct, Reactive, Disperse, Basic, Acid, and VAT.

Vision

Our vision is to be a globally recognized textiles company, delivering exceptional quality and innovative solutions while upholding the highest standards of customer care and sustainability. We aspire to be a leader in the industry, driving positive change through our commitment to continuous improvement, cutting-edge technology, and highly skilled professionals.

Mission

To achieve our vision, we strive to implement sound corporate governance practices and invest in our team. We leverage state-of-the-art technology and maintain transparency in our operations to minimize waste and strive for continuous improvement. Our commitment to exceed customer expectations is reflected in our quality inspection processes, customer service, and consistent product delivery. We prioritize the environment and the well-being of our people by upholding high standards of corporate social responsibility.

Research & Development

We prioritize longevity by improving product quality, staying updated with market trends, and utilizing our R&D department to exceed customer expectations.

We invest in authentic research to develop new products and applications, focusing on minimizing waste and enhancing production efficiency for sustainable success and customer satisfaction.

DYEING MACHINES

Dyeing capacity is

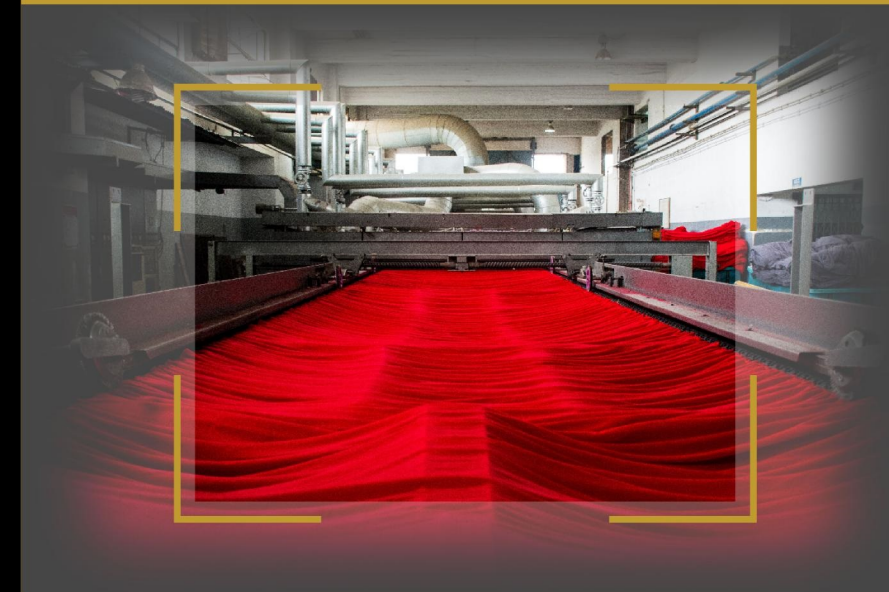

- 40,000 Kg per day
- 1,000,000 Kg per month
- 12,000,000 Kg per annum

Our highly skilled and experienced dyeing team works in synergy with state-of-the-art dyeing machines to ensure a competitive edge in quality while maintaining high output.

Our advanced soft flows, high-temperature, and low/high liquor ratio machines allow us to successfully dye all types of knitted fabrics with precision and efficiency.

The following types of dyeing is being carried out currently at Al-Abbas.

- Eco Direct
- Reactive
- Disperse
- Basic
- Acid
- VAT

FINISHING

- Open Width Finish: 38,000 Kg per day
- Tubular Finish: 20,000 Kg per day

Our high-capacity facility enables us to finish various fabrics in tubular and open width formats. Equipped with jumbo dryers/stenters and compaction machines, we offer a range of performance finishes, including:

- Soil & stain resistance
- Repellence
- Easy wear
- Moisture management
- UV protection
- Antimicrobial treatments

Why AL-ABBAS Fabrics ?

EMPLOYEE HEALTH & WELL BEING:

We are committed to providing a safe and healthy workplace for our employees, which includes offering nutritious office meals, medical facilities, and implementing better work practices.

EMPLOYEE GROWTH & DEVELOPMENT:

We believe in the symbiotic growth of both the company and its employees. We ensure that employees' careers are not limited to specific functions, levels, departments, or business units. Instead, we invest in their professional development, fostering leadership skills. Our in-house promotion policy reflects our commitment to nurturing talent from within the organization.

COMMITMENT TO THE COMMUNITY:

We believe in corporate social responsibility, giving back to society, and complying with all legal requirements for environmental protection.

DIVERSITY:

We embrace diversity in our workforce, providing equal opportunities for all applicants and fostering the development of every employee, regardless of gender, nationality, race, creed, disability, or personal style. Our inclusive environment enables everyone to perform to their fullest potential, irrespective of their background.

TRAINING:

We provide continuous training to our employees along with management trainee and internship programs to develop young talent into professionals.

WORK LIFE BALANCE:

The management of Al-Abbas Fabrics strongly believes in work-life balance and encourages on-time closing of daily assignments.
