ABOUT US

"Threads, which does not hold you but sets your imagination free..."

We was established in 1996. We have two units in Faisalabad & one associate company in China. We are amongst the Industry leaders of Sewing and Multi Purpose threads for over two decades. We are the manufactures and exporter of sewing threads which could be sewn at simply amazing speeds, The Strength and elasticity is simply matchless. Seam threads for clothing stitching, household textiles, quilting sewing, up-holstery, Over-locking threads, Threads for multi head Machine Embroidery machines. Natural threads, synthetic mixtures,

You name it we have it,

It is your one stop for all your sewing solutions. We are the specialists, It is No longer an economic necessity but it is a creative hobby and a lifestyle for us.

Our Products and Applications

We are the manufacturers and Exporter of all types of Sewing Threads and offer our services around the globe to our esteemed customers, we are not typical at all and always seek to bring something out of the box, our Products, quality and services are the distinguishing factor which makes us prominent among the others in this global market of Sewing Threads. Keeping ourselves updated with the latest technology and trends.

Color Combination Technology

With professional color management and color testing and combination technology, the color of the sewing thread can completely match with that of apparel. In addition, by means of transmitting color data, we can meet the different demands of customers.

Technical Services

As per fabric & apparel types, we can provide professional thread application advice, optimize sewing structure, improve apparel style, lower thread cost.

BY THE GRACE OF ALLAH WE HAVE THE BIGGEST RANGE OF THREAD IN PAKISTAN
