

## About Us

Housetex Industries was established as a manufacturer and exporter of home textiles and institutional linen. We initially started with wide range of articles in 100% cotton and blended (poly / cotton) grey, bleached, dyed and printed fabrics. Gradually the value added products like bed sets, flat / fitted valance sheets, pillow cases, curtain / curtain liners, table cloth and kitchen towels were included. An independent process of planning and development is carried on from the very inception on ongoing basis aiming at diversification of our activities into other segments of textile trading. Our ultimate objective is to meet diversified requirements of global textile buyers / importers and to serve them from a single contact point for their total procurements from Pakistan. The firm is managed by highly qualified and competent team of professionals equipped with sound technical knowledge, skills, and vision to face the challenge of managing in complex work environment of 21st century. Our work philosophy based on the simple fact of always ensuring the best quality, strictly in time shipments, efficient feedback, highly personalized services, and the most competitive prices.
